

PASS NO PASS DECLARATION POLICY (Fall and Summer 2020 Only)

Effective 5/28/2020

The University added the Pass/No Pass option to some courses to allow students greater flexibility in meeting their degree requirements, as determined by the program of study. Students requesting a pass/no pass grade option must affirmatively declare this option for each course where available by notifying their instructor. Once the pass/no pass grade option has been elected it is binding and cannot be changed.
