

## **Student Assessment of Clinical Experience (including ADCE/DCE)**

### Rating Scale:

0=Strongly Disagree

1=Disagree

2=Neutral

3=Agree

4=Strongly Agree

N/A

### Preparation

1. SCU curriculum prepared me to enter this clinical experience at a level that supported a trajectory for success.
2. The ADCE/DCE facilitated a timely placement process with transparent communication.
3. The ADCE/DCE facilitated the clinical onboarding process where necessary.

### Clinical Experience

1. This clinical course met my needs for learning and development as a student clinician.
2. The ADCE/DCE monitored my progression during the clinical experience and at minimum, conferred with my CI and I during a midterm visit to maximize my learning during the experience.
3. The ADCE/DCE facilitated development of an individualized learning plan and/or offered appropriate resources if I was not yet achieving the level of performance outcomes expected by the program.
4. The ADCE/DCE was accessible throughout the experience and responsive to my questions/concerns.
